

Table 1: Analytical variables

	<b>Variable</b>	<b>Mean</b>	<b>Std. Dev.</b>	<b>N</b>
1	importance of: dealing with people	5	1	14592
	importance of: teaching people (individuals or groups)	4	1	14592
	importance of: persuading or influencing others	3	1	14592
	importance of: planning the activities of others	3	1	14592
	importance of: analysing complex problems in depth	3	1	14592
	importance of: thinking of solutions to problems	4	1	14592
	importance of: arithmetic (adding subtracting)	4	1	14592
	importance of: arithmetic involving fractions (decimals, percentages, fractions)	3	1	14592
	importance of: writing long documents	3	1	14592
	importance of: writing short documents	4	1	14592
	importance of: reading long documents	3	1	14592
	importance of: reading short documents	4	1	14592

Table 2: Manual variables

	<b>Variable</b>	<b>Mean</b>	<b>Std. Dev.</b>	<b>N</b>
	importance of: physical stamina	3	1	14592
	importance of: physical strength	3	1	14592
	importance of: skill or accuracy in using hands/fingers	3	2	14592
	importance of: knowledge of use or operation of tools	3	2	14592

Table 3: Routine variables

<b>Variable</b>	<b>Mean</b>	<b>Std. Dev.</b>	<b>N</b>
complexity of PC use	4	1	11974
